VERMONT'S high-pay high-demand JOBS

promising VERMONT careers

Each job listed here pays above the state median wage (\$22.55/hour) and is projected to have at least 500 openings in the state between 2020-2030.

Although we cannot predict the exact jobs of the future, we know the skills in demand today will have long-lasting value.

Wondering where to start? Consider the four jobs bolded below, which are projected to have the greatest number of openings in the years ahead.

Remember: wages are based on experience, education, and skills. If you are new to a job or have minimum education requirements, starting pay may be lower.
